

# Viny Float 12B3

The Viny float is a hard ABS plastic float widely used by fishermen and oceanographers. The 12B3 signifies a nominal 12 inch diameter float with a rating of 300 meters. For long submergence the depth rating should be reduced to 210 meters.

Float	Working Depth (m)	Size (cm)	Buoyancy (kg)
12B3	210	345 x 28	18.3
